

CD / SD / USB / MP3 PLAYER WITH AM / FM TUNER LTS.CDTUSB

This audio source professional range is intended for public sound installations of fixed and mobile qualities. Reliable, compact and complete the CDTUSB provides an ideal digital solution for background music.

The CDTUSB has a fluorescent screen to give precise informations regarding stations for tuner mode. The system integrates station auto-search function, direct access to memorise stations thanks to 6 buttons and mono / stereo function.

There are 3 inputs individually for MP3 and USB / SD / CD :

- Slot for CD : If there is no CD, the player automatically starts on USB / SD input.
- MP3 / USB port
- SD card reader (max. 8 GB)

There are 2 independent RCA stereo outputs, 1 for the tuner and an other for the player). And also, 2 FM / AM antenna connectors. The CDTUSB is delivered with a remote control to access all functions.

Specifications
