

DOUBLE-SIDED HEADSET NOISE CANCELLING LC3.H2

The H2 is a double-sided, medium-weight passive noise reduction headset with dynamic noise-cancelling microphones. The headset has a noise reduction; suitable for use in a moderately noisy environment. The ergonomic moleskin-covered headband design distributes the ear cushion pressure evenly over the entire ear with no pressure points. An added advantage of this headset design is that it folds into compact form for ease of transport and storage.
